## Dog Assessment Enquiry Form (UK only rescue)

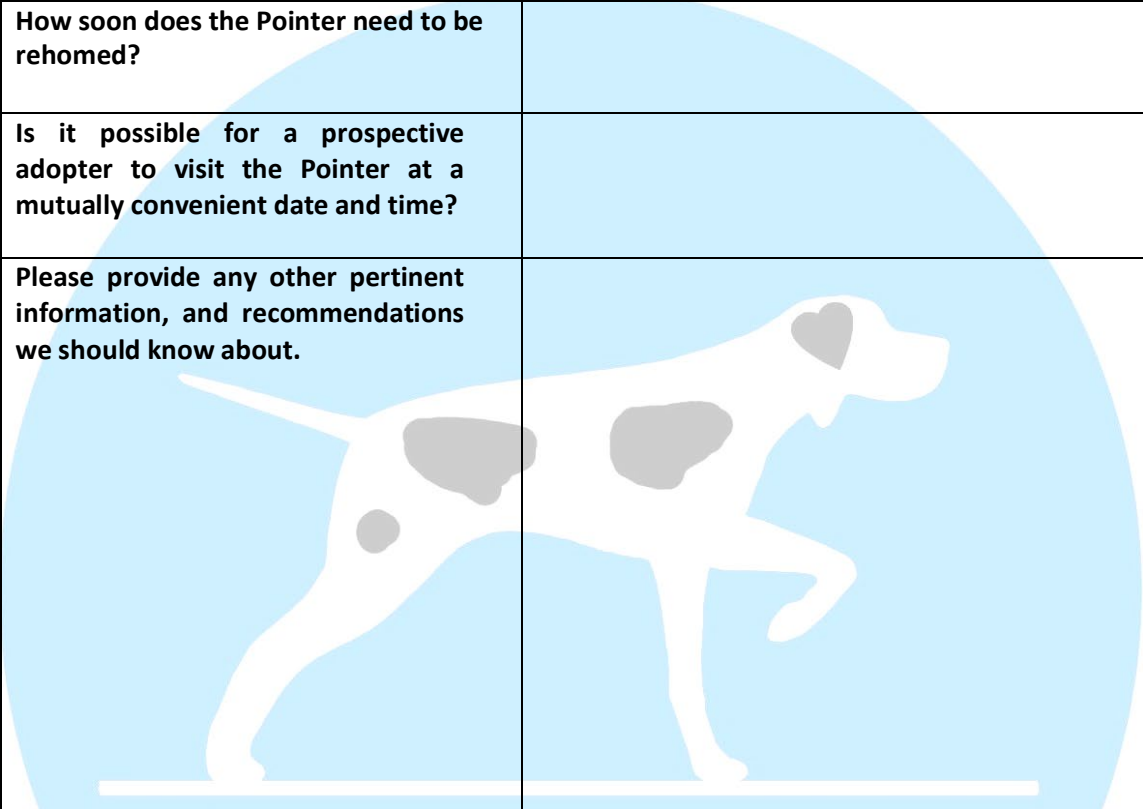

In order for Pointers In Need to establish whether we can take a Pointer on for rehoming in the UK, we must ask that you provide us in the first instance with the following information about the Pointer for us to determine committing to take the dog on. Once we have all of the information, we will give you a decision within 48hrs of the full report, but we will endeavour to respond sooner if we can.

NB. If you haven't already done so, you will need to check with the Pointer's Breeder to see if he/she will be take the Pointer back. If the Breeder is happy for you to talk to us and assist in rehoming, we will need to see their written authority. If we accept to take the Pointer on, we will need you to complete a "Transfer of Ownership" declaration which we will send you.
